

Expression of Commitment & Disposition of Information

NOTE: This section will not be shared with the Nominating Committee Members.

ASME President and Board of Governors Members-at-Large require a substantial commitment. Depending on the time of year, the ASME President can expect to spend an average of 10-15 hours per week on ASME business; Board of Governors Members-at-Large, 2-5 hours per week. Please answer the following questions and certification about your availability to serve, if nominated and elected.

1. Do you have any currently known barriers that may prevent you from global travel (e.g., security clearances; employer restrictions, such as limits on travel to war-risk countries; or personal preferences)?

None

Barrier #2

Barrier #3

2. Are you an ASME Member in good standing?
3. Have you ever been convicted, entered a plea, or pleaded nolo contendere to any crime that is a felony or misdemeanor under the laws of the United States?
4. Have you ever been subject to disciplinary action or censure by ASME, any other organization, or any licensing board?

The answers to the following questions will help determine if a candidate is qualified to become a member of the Board of Governors by meeting the criteria of being an "Independent Director."

5. Have you or a relative been an employee of ASME in any of the past three years?
6. Have you or a relative received compensation from ASME, other than reimbursement of expenses, in the past 3 years?
 - 6a. If so, what is the total amount of compensation received from ASME over the past 3 years?

CERTIFICATION

If nominated and elected as
in the American Society of Mechanical Engineers, I am willing and able to fulfill the responsibilities of this office and have the necessary time and support to do so. I have reviewed my prepared Nomination Packet and found it to be accurate.

I will adhere to the ASME Constitution, By-Laws, Society Policies, including the conditions of [ASME Society Policy P15.8, Conflicts of Interest](#).

I hereby certify that the information given by me is true in all respects. I authorize ASME and its representatives to contact the individuals and organizations referenced in this Nomination Packet and any others for the purpose of verification of the information I have supplied. I release ASME and its representatives from any liability resulting from the information released. I authorize the individuals and organizations referenced in my Nomination Packet to provide any information requested.

I certify that all information contained in my Nomination Packet is true and complete, and I understand that any falsification or omission of information may disqualify me from further consideration for service to ASME or, if nominated and appointed, may result in the termination of that appointment, regardless of the time elapsed before discovery.
